What is FSS Reimbursement?

FSS reimbursement is designed to support families and caregivers in Broome, Chenango, Cortland, Delaware, Otsego, Tioga and Tompkins County. FSS reimbursement funding is intended to be short-term and time-limited, if possible. It should not be used for ongoing services when there are other funding sources that can be accessed.

Who is eligible?

Families who are providing care for a loved one with a disability living full-time in the family home. Families who choose to Self-direct their services are also eligible for FSS Reimbursement.

For more info, contact Marlene Tagliavento:
