

Racker Speaker Series EARLY CHILDHOOD

Racker's Parent Network presents a monthly Speaker Series dedicated to supporting the individuals and families at Racker. Individuals that are OPWDD/FSS eligible, as well as those participating in Racker's Early Childhood and Clinical programs are welcome to attend.

This workshop series is offered monthly via ZOOM at no cost. Each month features a different topic presented and moderated by Racker professionals, specialists, and certified experts.

Modeling All Types of Communication

5-6pm

Learning Objectives:

Wilkins Large Learning Center (Sibley) & Zoom

- Participants will understand the different forms of communication.
- Participants will define modeling (how and when to do it).
- Participants will learn how to model language using "SMoRRRES" approach.
- Participants will be provided with communication board to use at home and can name an example on how to use the board.
- Provide families tips and tricks to be speech therapists at home!

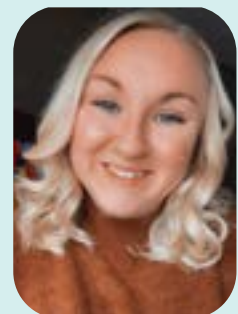

Katherine Babuka

Katherine Babuka is an ASHA accredited and New York State licensed Speech and Language Pathologist who has been working at Racker for 2 years. She enjoys using a total communication approach to working with students. She loves working with the preschoolers and their families at Racker!

Allysa Stock

Allysa Stock is an ASHA accredited and New York Licensed Speech Language Pathologist who has been working at Racker for 3 years. She primarily works from the Cortland site. She enjoys working with preschoolers with varying types of communication and feeding needs.
